

**Donkeyhill
Transition
Network**

Environmental Policy 2020

This policy applies to all activities undertaken by Donkeyhill Transition Network and impacts upon key partners and members.

We are committed to minimising the environmental impact of our operations. In particular, we will achieve this through our commitment to:

- Compliance with all relevant legislation and regulations;
- Regularly review the environmental impact of our activities, endeavour to reduce our overall environmental impact and prevent waste using best practice techniques;
- Sustain a programme of continual improvement in environmental performance incorporating suitable measurement and monitoring mechanisms;
- Work with key partners to encourage them to develop environmental best practice; and improve resource efficiency (including our use of water, energy and raw materials).
